

**Dr. Charles J. KAPPENSTEIN,**

IC2MP (Institute of Chemistry of Mediums and Materials of Poitiers), Chemistry Department, Faculty of Science, University of Poitiers, 4 rue Michel Brunet, F-86022 Poitiers, France

Tel: 33 643 328 172 e-mail: Charles.Kappenstein@univ-poitiers.fr

Academic degree: PhD in Inorganic chemistry, University of Reims, 1977

**Current position:** Distinguished Emeritus Professor, University of Poitiers

**Areas of expertise**

- Preparation of solid catalysts, characterization, evaluation
- Application of catalysis to propulsion and development of new propellants and high energetic materials (HEM)
- Application of catalysis to organic chemistry

**Publications, Communications and lectures**

- 120 papers in peer-reviewed journals, 80 conference proceedings
- 2 book chapters published in 2008 and 2011,
- 50 invited lectures, 160 communications at international conferences

**International seminars and courses**

2009 to 2013: Dalian Institute of Chemical Physics, Chinese Academy of Sciences, Dalian, China

2013, 2014: University of Oulu, Oulu, Finland

2016, 2017: Politecnico di Milano, Milano, Italy

**Reviewer activity:** about 50 reviews per year, mainly for Royal Society of Chemistry

Editorial Board Member of International Journal of Energetic Materials and Chemical Propulsion

Editorial Board of the Chinese Journal of Explosives and Propellants
